## EMPLOYMENT

We continually accept applications and resumes for job opportunities at The Cakery. Our staff is small in number but each position is so very important. Job opportunities become available as an opening develops - there is no set hiring schedule.

### **Our positions include:**

Pastry Cook - an experienced kitchen production position which is quite often filled with a culinary intern/extern.

Baker's Helper/Dishwasher - an entry level position which is generally part time/on call during our busy seasons.

Cake Decorator - requires extensive experience and is generally part time/on call.

If you are a culinary student in need of an internship/externship in coordination with your culinary school, please contact us to check on availability. We can provide one-on-one training in scratch baking that satisfies the hours requirements for most of the area's culinary programs.
