Dear Dail,

My daughter's wedding cake was perfect. It was beautifully decorated, with the green ribbon, edging and floral designs and the square shape lent an even more elegant look to it. The cake was exactly what Kim and Drew wanted.

As for the taste, well, that's another topic, I guess the first word for

that would be delicious. Different, the best, unusual, light & airy while at the same time fulfilling. Everyone loved the cake and I made many compliments on it. Dail, you and your husband did a wonderful job in creating my daughter's dream wedding cake.

I have told many people about your bakery and will continue to do so.

I will make sure that a photo is sent to

you. My florist, Tully Reinhardt of Floral Accents did a beautiful job in decorating the cake with green orchids.

Again, thank you for Kim's perfect wedding cake.

The Cakery Team,

We just wanted to thank you so very much for the fantastic job you did on our wedding cake. It was amazing!! I think our Best Man said it best - a lot of times wedding cakes look pretty but don't taste good. That wasn't the case! Our cake not only looked great but tasted wonderful. We got so many compliments! We just loved everything... from the beautiful "fountain" design, to the great taste, to the way the red matched the sample we gave you perfectly. Thank you so very much for adding your perfection to our special day.

The cakery baked my wedding cake.

Of all of the comments about my whole wedding, the great tasting wedding cake was the most common!!

The best place you never knew existed!: I lived in Bowie for a while now(3 years) and recently discovered this hidden gem.

I kick myself everyday for not finding it sooner. Its a definite morning pit stop before work and a weekend treat with their weekend-only goodies -like the Ham & Cheese Croissant!!!

The service itself always matches the quality of the food. They make you feel welcome and at ease with the amount of time you will spend deciding what you will get.lol I mean seriously how many places have so many good things you don't have a favorite?!

Goodness Sakes - Their Cakes are Great (Cakery): I happened to stumble upon Cakery Bowie in Hilltop Plaza (Bowie, MD). I had to go in and try a little something. Actually it was some things: the Hazlenut (House specialty) cake and a yellow cake with buttercream frosting and either chocolate ganache or choc mousse/buttercream filling. I was tastefully delighted. These uncommon goods are very well made (construction, presentation and taste). They are smoothly and palatably sweet (not like the sugar-shock, sharply sugar overloaded cakes so common even with so-called "established" bakeries). Whoever's baking these cakes demonstrates impressive skill in the finished product and a penchant for quality. Now I'm thinking of a reason to go back soon (for a birthday, mother's day, etc.). It's funny, because I didn't have a reason (other than curiosity) to go the first time, but I'm very glad I did. Now I have a "good" bakery I can recommend to my family, co-workers and friends. Hey, that's a thought. I can get one and take it to work. :) Oh, and please do take it seriously to let the cake reach room temp before serving. I'm telling you, these are not just like any other cakes. If I could sum it up in one word, it would be delectable. In a few words: "skillfully artistic fine pastry dining with substance." Believe you me, I have had a taste of plenty cakes, and their cakes are so good, for goodness sakes. I highly recommend and will go there again.

Thank You. It Meant So Much. September 2006

Note: Thank you all so much for making such a beautiful cake that tasted so great. Everyone loved it. You all made my dream a reality. Here are some pictures of it (the cake).

We Were Blown Away. October 13, 2006

Julie and Daniel E.

We want to write and tell you how much we enjoyed working with you and how delighted we were with the end result of what you made for our wedding day on October 14, 2006. We checked out a few bakeries before coming to The Cakery, and from our first phone conversation with you, your bakery stood out from the rest. Your delicious cake was definitely a highlight of what turned out to be a perfect wedding day. In fact, as soon as we got home from our honeymoon, we dived into (and devoured) the Anniversary tier that was waiting for us in the freezer!

The frosting was creamy and not overly sweet. The almond cake was moist and went perfectly with the raspberry and chocolate mousse layers. The presentation was picture perfect. My mouth is watering just thinking about it. We've had friends call us after the wedding just to tell us how good your cake was. Thank you again- for your courteous and attentive customer service, reasonable prices, flawless delivery, and the best wedding cake we could have hoped for! We were blown away. We will definitely come back to you for birthday's and other celebrations, including our one year anniversary, when we plan to purchase a fresh, mini replica of our cake.

Moist, scrumptious, delicious. I want more and more. I'll be back for these homemade goodies and the heavenly taste. Who knew? The store is tucked away...a real gem. I hope they never move from where they are now because its so quaint and a wonderful surprise for the rear of Hilltop Plaza. You gotta get something and try it. You'll be so pleased!!!!!!

This itty bitty bakery is found in the heart of beautiful down town Bowie. The cakes are super moist and are the BEST I have ever had. Their Buttercreme frosting is homemade and is creamy and not to icky sticky sweet. I've NEVER been disappointed here.

I have found that the Cakery is best bakery I have found so far in the area. It is a small bakery, but they have the best quality goods. Their cakes are excellent, and the pastries are amazing as well. I have moved away abit from the area, but I still come back for my special events cakes.

The Cakery has the best tasting cakes in the area. It is a family run business and they really take the time to please their customers. I used them for my Fall 2004 wedding and the whole cake process went very smoothly. Posted 11/14/2005 at 10:03am

★★★★★ **Baker like none other**

By [Veronica W.](#)

This is a bakery like they used to have everywhere. It is in the back of Hilltop Plaza and if you didn't know it was there you wouldn't know it. Except if you were given some of their goodies by someone. Then you will go out of your way to locate them! Everything there is soo yummy and good. It is so worthwhile and it is great just to go to the bakery. I would recommend this place hands down!!

Pros: Great baked goods, pies, cakes, Friendly employees

Cons: Too many calories!!! Other than that can't think of one!

This business is run by a husband and wife who have a young son. It's closed on Sunday and Monday to allow them time as a family.

We go quite often for cookies or a small treat. There is a plaything with beads on wires on a small table (presumably their son's toy) to entertain your children while you make your selections. Love that!!

Their cookies are extraordinary, as are their raspberry walnut bars!! They also have a varying selection of desserts, single servings, etc. Selection varies upon level of business.

They also do wedding cakes. Although I've never sampled them, they have all the ordering paraphernalia right there. I have heard that they are excellent as well.

If you haven't been to the Cakery, you're missing out!!
